1341 Public Speaking

Apologies received from DC Cllr Simon Spencer

DDDCllr Laura Mellstrom noted the uncertainty already growing with the announcement that District Councils will be abolished which with the County Council also mulling over County/City changes may change the County Councillor elections. As we already have a mayor there may not be a fast track change from Government so increasing the uncertainties for recruitment retention and placing District in limbo for long term strategies. The carpark and toilets review is at 6pm on 27<sup>th</sup> January and registration to speak will close on 24<sup>th</sup> January. Our toilet block is mentioned for reopening year round due to needs of walkers and being in breach of the lease terms with its seasonal closures – footfall monitors will be used to justify the winter need. Council will send the chair to formally remind them of its need and anyone else can also book online to give evidence of this essential block.

PCSO Anthony Boswell noted one crime since the last meeting and the change in priorities for this period to Burglary due to a high incidence of shed crimes (mainly bikes) in Grindleford, Hathersage and Tideswell with Road safety and Parking remaining the highest priority in all other areas. He recommended bike register and labelling and reminded that all incidents need reporting to ensure a police presence.
